

The FCC's recent ammendment regarding faxed communications was well-intentioned. More studies shoud have been made concerning Non-Profit organizations ability to communicate with one another without having to go through the hassel of having a written prior permission to do so. Please decide to stop the changes that are to be made effective August 25, 2003 until something can be worked out for the benefit of the Non Profit organizations.

Sincerely,

Louise Schillenkamp
